

app MedallionClass[®]

Congratulations, your cruise ship has Princess MedallionClass™ technology!
On the day of embarkation you will receive your OCEAN MEDALLION device at the port that will take your cruise experience to a new dimension.

It will allow you to board faster, open your cabin without a key, use Wi-Fi, order food, locate passengers traveling with you, make payments and much more.

But first you need to configure it.
Your device communicates and is used with the App **MedallionClass** which you will need to download to your smart phone.

The first step once the app is downloaded is to associate it with your reservation and obtain your boarding QR code by filling in the information that we detail to continuation.

mundomarcruceiros.com

get the QR Boarding code

1. Download the Medallion Class app on your mobile device.

2. Open the app, accept terms and select QUICK ACCESS

3. Add your booking number

4. Enter your name and surname as it appears on your reservation and date of birth, then press continue

If you have a compound name or have a second surname and cannot enter the app, see what data to enter, I sent an email to booking@mundomarcruceos.com

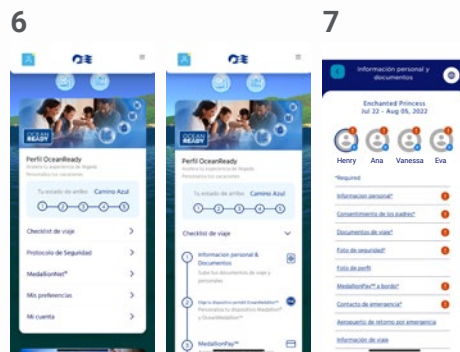

5. Then the main menu of the app will appear, at the top you will see the days, hours and minutes left for your cruise, if you slide down, you can see the different functions: **OceanReady, JourneyView, OceanNow, Pay, OceanCompass, OceanView & OceanCasino**

6. **OceanReady** is used to prepare the trip and get the boarding QR code.

- Display "trip checklist"
- Click on "Personal information & documents"

7. Here, you must complete the information in each section for all passengers, until all the circles with exclamation marks are green.

The app will indicate with red exclamations what still needs to be completed, please carefully complete

all the fields according to your preferences. You can complete the data of all your companions or each complete their profile from their device.

8. Once you have completed your information, you will be able to save your boarding QR code
